HB 1057 - SB 1706

March 13, 2003

SUMMARY OF BILL: Amends TCA 70-7-104 by defining those situations where a landowner's liability is not limited to include those situations where permission to hunt, fish or otherwise use such land was granted for a consideration intended to generate fees for profit for the landowner, lessee, occupant or anyone that controls use of the land. The liability of the landowner would be limited if permission was granted for a consideration for the purpose of occasional periodic usage and the amount of consideration did not provide a significant source of income for the person granting permission to use the land.
